Dear Sir/Madam,

RE : **APPLICATION FOR THE ANDELA UGANDA FELLOWSHIP.**

I completed my form six at Kojja Senior Secondary School Mukono _Uganda, and am learning how to Code at Lakehub Academy Kisumu, where I was advised to join Andela Uganda fellowship that will boost my talent of being a global programmer.

I have all the basics in all the programming language such as PYTHON, RUBBY, HTML5, CSS, JAVASCRIPT, AND BOOTSTRAP 4 and am yet developing websites. In addition to that, I have certificates in networking and also in computer applications.

I am very interested in this opportunity to help me grow as a developer, gain experience and skills and also to interact and share ideas with other developers. I sincerely look forward to your response. Thank you in advance.

Yours sincerely,
MUDAMBI RICHARD.
